

school will remain a GT center school (which brings various resources includes a GT resource teacher for one full day per week, a GT counselor on site, funding for resources like curriculum materials, etc.); however, for the time being the school will operate on a cluster model (with GT identified kids grouped together in regular classrooms). The goal is to grow the program enough to move back to the dedicated GT classroom model. There is a meeting scheduled for next Thursday for representatives from Stevens, Everitt Middle School, and Wheat Ridge High School, to discuss the GT vision for this articulation area.
